THEY SERVED THEIR COUNTRY

INDIAN BLACK HAWK WAR VETERANS

The Heber Third Ward was not in existence during the Utah Black Hawk War, 1865-1868. The following Indian War veterans are listed among others in **Under Wasatch Skies** and **The Wasatch Wave** issue of May 25, 1928, or we have gleaned the names from family histories. We believe these men have lived in the area that became the Heber Third Ward in 1903. We are sorry for any omissions or errors as it is difficult to determine exactly where these people lived so long ago.
